OEA GOES ON STRIKE!

Today is the second day of the Oakland EA strike - a strike that speaks to the needs of Oakland's, as well as our own fight, for improving public education. In support of their strike, and the community they serve, we would like to pass along a donation opportunity that would help make the strike sustainable and successful. Please see the attached information for [Bread for Ed](#). We are also looking at opportunities to contribute to their strike fund and will pass along information regarding that as we receive it. Other ways to help include walking a picket line when time allows ([locations can be found here](#)) and donating donuts or fruit to a line. Every little bit sends the message of unity, sibling support, and the larger union voice for a fair and just settlement for the union and the students and community they serve! Members can also stay up-to-date with the strike on [OEA's website](#).

Please keep an eye out for details from the district.

See the [attached flyer](#) for more information about the Groundbreaking Ceremony for emergency, short-term housing for transition-aged (18-24 years old) youth in Hayward, California.
