August 13, 2021 – Friday Follow-up

From the District

Earlier this week you had a chance to see the [flowchart](#) that HUSD drafted to provide our community a clearer understanding regarding exposure notifications and quarantine protocols. We completed revisions on the COVID-19 positive case flowchart yesterday, but soon after the ACPHD shared that they are currently working to clarify confusion regarding quarantine procedures and siblings with a flowchart of their own. They asked that we not release our flowchart until they finalize their own to ensure that ours is consistent with the county's language. We look forward to sharing more information with you as soon as we can.

Pending Information

We have a lot of information that we are waiting for: information about staggered reading, the evaluation timeline, PD pay, ILT, responses to unanswered issues at the Year Round Townhall this week, and the above-mentioned updated flowchart. Be on the lookout for answers to many (but hopefully all) of these topics early next week.

HUSD Community Update

See the attached [HUSD Community Update](#) for information about the new vaccination and testing policy for HUSD staff and the [District Safety Plan](#) that was sent to staff and community earlier this week.

CTA Newsletter

Attached is the [CTA Newsletter](#) with information regarding vaccination and testing requirements for educators, PD resources, incentive grants, CTA conferences, and more!
