HEA Organizing Team (HOT) Training Opportunity on Monday, March 28th!

In addition to the challenges we face every day at our sites, the months ahead will pose even more: school closures, contract negotiations, and future charter school attempts all lie ahead of us.

In this 90-minute training (via zoom), we'll share the basic tools and tips for successfully organizing your sites to get members engaged and active. The better we can get our sites organized, the stronger we'll be and the better our chances of winning the fights ahead.

This training is open to ALL HEA leaders and activists. The only prerequisite is a willingness to put these tools to use engaging your colleagues! [You can register here for the training.](#)

A Solution for Safer Schools Presentation

The Hayward Chapter of Delta Kappa Gamma, which is an international honor society for women educators and which includes membership of some of our retired HEA members, is hosting a special presentation via Zoom on Thursday, March 24th, entitled "Choose Love, A Solution for Safer Schools." The presenter will be speaking about a program encompassing character development and social emotional learning. This program was created by a mother who lost her six year old son to the school shooting at Sandy Hook Elementary School in 2012.

[More Information and Zoom Link Found Here.](#)
